WELCOME TO ROLLING HILLS HOSPITAL

Rolling Hills Hospital is dedicated to the delivery of inpatient psychiatric and chemical dependency treatment. We believe the mind and body exist in an inseparable unit and our responsibility is to treat the total person in the knowledge that pathology in one affects the level of functioning in the other. We believe the human being is a delicate balance of emotional, intellectual, physical, and spiritual dimensions.

Our new facility is equipped with the latest technologies and amenities to afford our patients a comfortable and safe environment, as well as equip our staff with the most current tools to take care of our patients.

Rolling Hills Hospital is the culmination of years of experience in psychiatric patient care, with many specialized areas to best suit the needs of its patients and the patient's families.

Some of the hospital's amenities include:

MAIN LOBBY - Our main lobby is staffed with customer service professionals who provide an understanding and empathetic response to arriving patients, family members, and clients. Adjacent to the main lobby is a sitting area for the convenience of those waiting for service.

RESPOND LOBBY - Our respond lobby is staffed with behavioral health care professionals who provide the first phase of patient care. This initial evaluation ensures patients are placed in the proper conduit of care, maximizing the effectiveness of their treatment and recovery.

CAFETERIA -Our full-service cafeteria provides patients and staff with healthy meal choices in meeting their nutritional needs. A Registered dietician and kitchen staff plan and prepare fresh menu options daily. The cafeteria can accommodate up to 72 people at one time with patient access to the cafeteria based on each individuals' needs.

PATIENT ROOMS - Each room is designed to provide complete safety and comfort during a patient's stay. All rooms include a full shower and bath, with additional conveniences such as large storage units to store personal items and a reading desk. Private rooms are available.

ACTIVITY ROOMS - The activity rooms are designed to support the programs and services of the hospital and are available to patients during predetermined hours. These rooms include game tables, chairs and a large flat screen television.

THERAPY ROOMS - The therapy rooms create an intimate atmosphere for individual and group therapy sessions. These rooms include tables with chairs, couches and a flat screen television.

OUTDOOR COURTYARDS - Rolling Hills Hospital is equipped with outdoor courtyards on each patient unit for the enjoyment of our patients. Special measures have been taken to ensure the privacy of these areas.

NURSES STATIONS - Staffed with behavioral health care professionals, the nurses stations are centrally located only seconds away from each patient room.
