Dear Mr. Burghart:

On behalf of the Board of Pharmaceutical Specialties (BPS), I am pleased to inform you of your reappointment by the American Society of Health-System Pharmacists (ASHP) to the BPS Specialty Council on Psychiatric Pharmacy. Your appointment is for a three-year term (2011-2013).

We thank you for your hard work and commitment as a member of the Specialty Council for the past three years. Your knowledge and insights have assisted the Specialty Council during its many deliberations. The enthusiastic support for your reappointment voiced by your Specialty Council colleagues is a testament to the value they place on your participation in their efforts.

In the near future, we will contact you about participating in a new member conference call or webinar – still in the planning stages – that will provide important information to allow you to serve most effectively and also to meet William Ellis, the new BPS Executive Director.

Once again, congratulations on your reappointment to the Specialty Council!

Sincerely,

Jacquelyn Kelly Marshall  
Associate Director for Certification
